FLIERS & LEAFLETS

Fliers are a great way to promote your business. Available in a variety of sizes, folds and paper. You can make them feel very personal to your business.

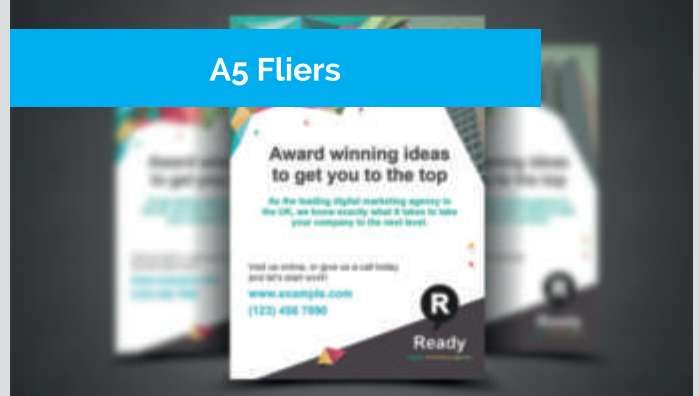

We print on matt paper and card in weights of 90gsm to 350gsm. Silk we have 120gsm to 350gsm. Gloss is 150gsm to 300gsm, great for photo based products.

A6 Card is great for popping in your bag or posting through letterboxes. A5 has a bigger impact, and A4 allows you to provide much more information to your customers.

These items aren't just for promotional material, they can be used for price lists, menus, maps and are perfect for fitting into leaflet holders.

We can laminate them to give your item a longer life which is great for menus, it also makes them easier to keep clean.

A5 Fliers

Our most popular size, you can fit a special offer, maps and limited information and images

DL Fliers

Slimline but still plenty of space - perfect for price lists & using in leaflet stands

Square Fliers

Be a bit different and stand out with square fliers

A6 Fliers

Perfect for introducing your business to new potential customers

Creasing and Folding

We can professionally fold your leaflets or crease them to stop the edge from cracking

Leaflet Dispensers

Available for business cards, DL, A5 & A4 leaflets

POSTERS

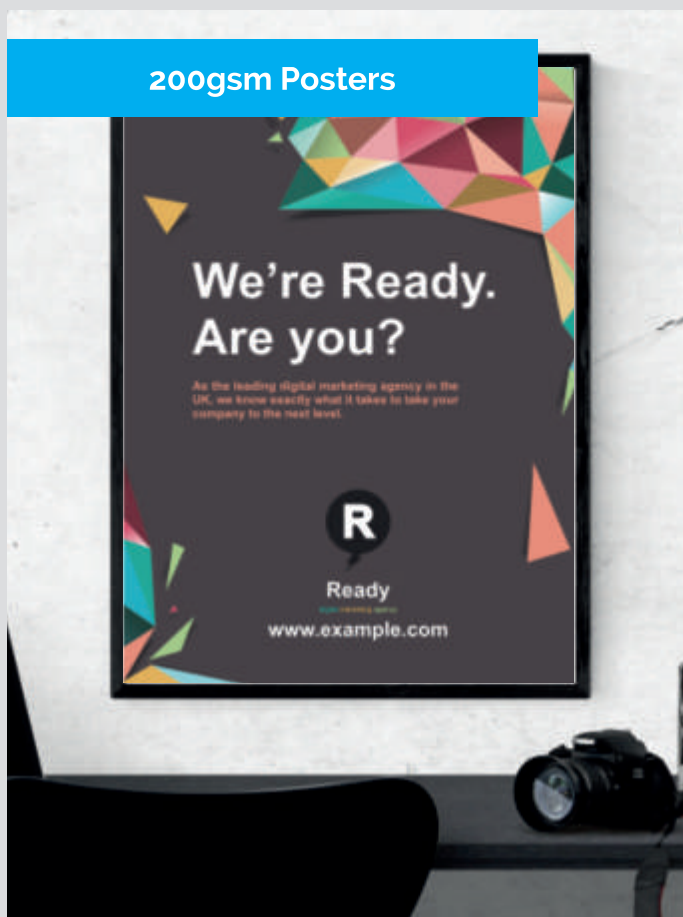

The best option for quick and easy advertising. In the correct location they can attract customers to your event or inform them of your services.

Available from A4 to A0, or your bespoke size, isn't a problem. We usually print posters on our quality 200gsm water resistant paper. Our large format posters are built to last with our UV resistant latex ink, so they won't fade in the sun.

A Frames work well to display your poster, these can be supplied or we can print to fit your existing sign.

We can gloss laminate up to A1 to make them last for much longer.

Our 'so flat' material also works well, being UV resistant, durable and waterproof, with a matt anti glare finish. It is also grey backed to prevent light show-through.

200gsm Posters

Our 200gsm posters are available from A4 to A0. They can be made to any size to fit your frame.

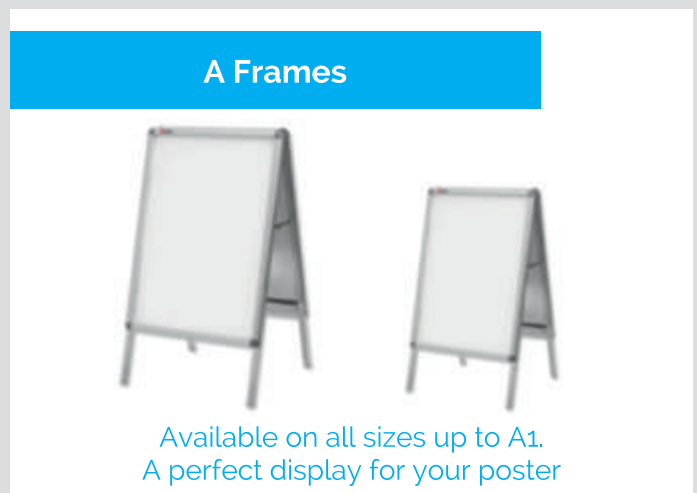

So Flat Material

An alternative waterproof material that doesn't need laminating

Laminating

Available on all sizes up to A1. This gives a waterproof protective coating for your poster.

A Frames

Available on all sizes up to A1. A perfect display for your poster

Whirlwind Signs

A sturdy alternative to the budget A frames. Weight the base with either water or sand.

OFFICE STATIONERY

Most businesses need everyday office essentials such as letterheads and compliment slips, quite often this is what your customers first see of your business and will judge your image from this. We print using the latest technology and use quality papers to help you give the best impression you can.

Our presentation folders come with a glued or interlocking flap. Choose a gutter capacity from 0mm right up to a spacious 30mm. With sizes DL, A5 or A4 available. Choose single or double sided printing, and single or double sided lamination, with a choice of matt, gloss and soft touch finishes. We advise laminating folders which have solid ink coverage across creases to prevent cracking, and protect against wear and tear.

We can produce personalised planners for your office in a size to suit you. Also carbonless pads for invoices, order sheets and anything else where you may need a second or third copy.

Letterheads

Printed on our 120gsm quality white stocks or our textured range of conqueror paper

Compliment Slips

Printed on our 120gsm quality white stocks or our textured range of conqueror paper

Envelopes

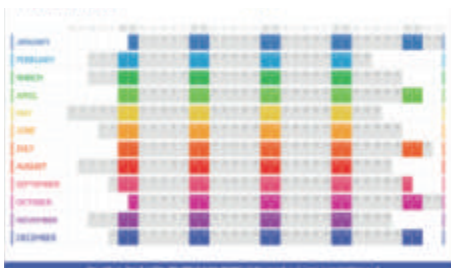

We can print your brand on our quality envelopes from C6, DL, 18, C5 and C4

Glued/Interlocking Folders

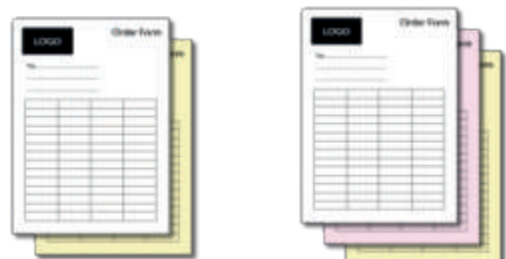

The perfect way to present important paperwork for your clients

Wall Planners

Personalised with your criteria and branding

NCR Pads

Duplicate and triplicate Pads, both can be numbered, perforated and bound

BOOKLETS & BINDING

A booklet advertising your business is an effective way of sharing what you have on offer. It can have product specific information or a compilation of services. If a tri-fold leaflet isn't a large enough space for you then stapled booklet may be your best option.

For a professional looking bound document you may consider thermal binding as it looks great but it will not open flat on a table which some clients need.

Alternatively there is wire or a plastic comb, which can open flat. Or a simple staple is also possible.

We can add a laminated cover or a plastic cover for your documents, also a card back to give it some strength.

If you are writing a book, then we can help with printing that too.

Saddle Stitched Booklets

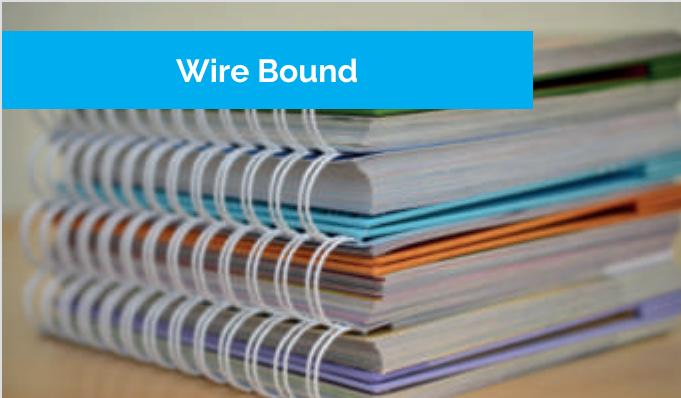

These two strong staples, can produce beautiful brochures and booklets

Thermal Bound

Perfect for reports and presentations

Wire Bound

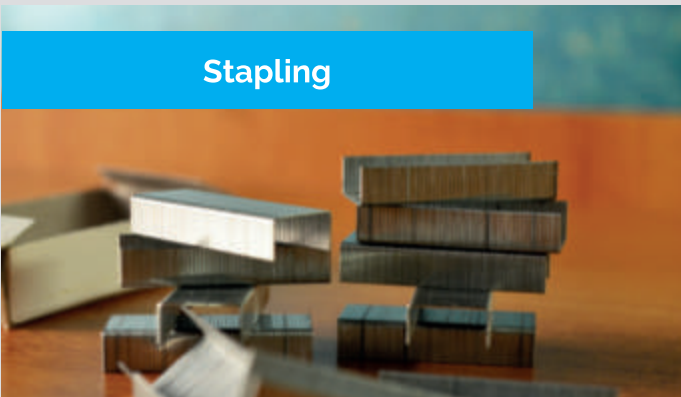

Perfect for calendars and higher quality bound items

Comb Bound

Great for items that are used frequently

Stapling

Your choice where - top corner, middle, bottom right?!

Perfect Bound Books

Writing a book? - We can produce a proper bound book for you

ADVERTISING

Roller Banners are a great addition to your business, they are portable, easy to store in their bags and are a very effective way of reaching your market. Great for exhibitions and in reception areas. We print on a grey backed material to stop any light from showing through.

The self adhesive vinyl is great on windows, cars, products and commonly used for safety stickers. We have clear or white available. If it doesn't need to be waterproof our label range will help keep the cost down.

Backlit material is used in backlit displays in estate agents to display the houses on offer, displays and posters in shopping places, takeaway display boards, information boards and many more display applications.

Use our show card struts to instantly bring your advertising to life. Works well on reception desks or exhibition stands next to where your customers stand or wait.

Roller Banners

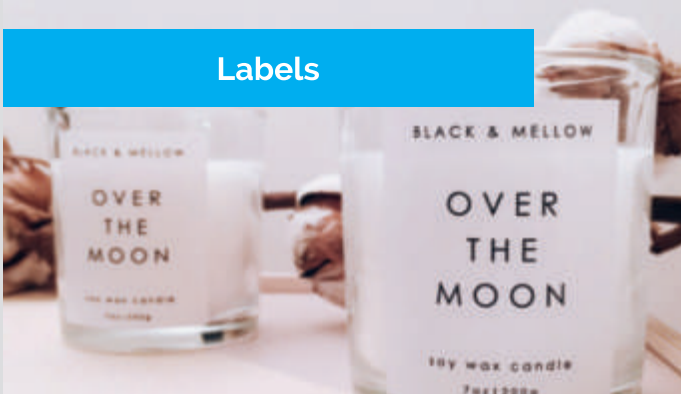

Great for exhibitions and reception areas, many sizes available for all price ranges

Self Adhesive Vinyl

Add advertising to windows, cars with this durable material. Perfect for safety stickers and packaging.

Labels

A low cost alternative to vinyl, for packaging, address labels, carrier bags etc

Backlit Material

Used in front of a lightbox for vivid window displays

Show Card Struts

We can attach this to your 3mm foamex board - great for reception desks, shops and exhibitions

Without data you're just another person with an opinion

SIGNAGE

Signage can really help boost your business, with short term or long term options. A quality shop frontage is where your customers make the first impressions of you and your business, so it is really important to get it right.

Vinyl Banners provide a great short term visual for events and special offers you want to promote, you can even use them again the next year by applying a vinyl sticker with the new date. They are hemmed and finished with eyelets as standard, or pole pockets can be included. The mesh option works well over windows or in windy locations, as these will let an amount of air through them.

Correx is used for lightweight signage, like the estate agents boards we see around. Foamex is very durable, and can be drilled or glued to most surfaces. Available in 3mm or 5mm.

Flags are great for outdoor events, coloured in your branding they can really help your customers find you from a distance.

Vinyl Banners

Banners made from PVC, with welded edges, quality eyelets & optional pole pockets

Correx

Lightweight corrugated material, used frequently for estate agent boards

Foamex

Available in 3mm or 5mm thicknesses up to 1.2m x 2.4m

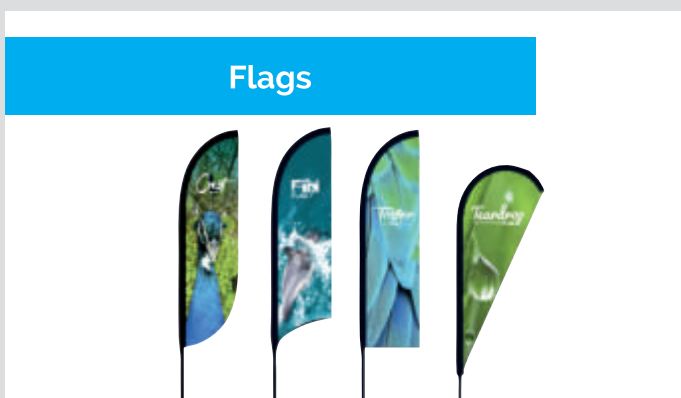

Dibond

3mm aluminium surrounding a rigid polythene core

Mesh PVC

Used mainly for larger banners, to let some wind and light through the material

Flags

Variety of shapes to suit your design

RESTAURANTS & SHOPS

We can produce menus in a variety of sizes, folds and finishes. We have a thin matt laminate, which leaves a professional finish to your menu also for extra durability we offer a glossy thick laminate which works well outside. We can make your menu fit into any sized table stands and for that extra professional looking table, branded place mats are fantastic.

We can make gift vouchers either flat or in a cheque book style, for your customers to buy as gifts or treats.

Our carbonless pads work well for personalised receipts and order pads.

Sale cards & posters really attract your customers to sale items you have on offer.

Menus

LOGO & GRAPHIC DESIGN

Bridgnorth Print's design team can turn your initial ideas for your business into reality.

We can start from scratch and create your logo and branding, or use your existing branding and create advertising material, office stationery, signage and much more.

Always look on the bright side of life.

Monty Python

Graphic Design

is the process of visual communication and problem-solving.

It can be a combination of symbols, colour, text and images to form a representation of your business.

Using these the ideas then grow to have more form in the way of composition on a page to create your branding, turning that into advertising, signage, websites and packaging
